

BANDS will follow red dotted line to entrance of field. The PIT will follow green dotted line down front sideline. Once performance is complete, the band will follow orange dashed line, *motorized* PIT will follow the blue dotted line. **Please** do not drive on track except in designated areas (shown in black on map). Non-motorized exiting PIT will head directly back to the gate. ALL PIT's are asked to stay as close to track as possible, without traveling on the track, in order to allow incoming PIT enough room to enter.

**NOTE:** Only vehicles with TURF tires will be allowed. (ex. Golf carts, gators, etc.) We will have vehicles available if needed to pull your equipment.
