

WESTWOOD HIGH SCHOOL BANDS

Welcome to SCBDA Lower State Marching Band Competition. Westwood High School is excited to host your participating group this year. Our Band Booster Organization, band students, and staff have worked very hard to provide you with a comfortable and well organized performance environment. If there are any questions, or you need assistance, please ask one of our volunteer parents. They are well identified by the Neon Green 1A/3A Volunteer T-shirts.

We have also worked hard to provide your students, and spectators with high quality concession and vendor options. We would appreciate it if you would plan to have your band dine with us at the school. We have a great variety to choose from at great prices, and it will be extremely difficult to have buses leaving and returning once they are parked.

We also have well designed State Finals t-shirts and programs for your students and fans. Director's Hospitality will also have a nice display of both warm and cool foods and beverages. Director's hospitality will be located right across the stadium with tents, next to the band room.

Please refer to the map that we provided for any questions of the flow from warm-up areas, to the stadium, and back to the buses. Please also be aware that there is a slight hill going down into the stadium, pit percussion needs to be aware to better control mallet instruments that may not be on a trailer.

We would like for the bands to sit on the visitor side after they perform. Concessions are on both sides of the stadium, so students may enjoy shopping both sides for vendor variety.

Below are a couple of rules to follow:

- A) Please use either golf carts or Gator's to pull front ensemble equipment on and off of the field. We don't want to destroy our new Turf field.
- B) Turf tires are required on all vehicles when driving on the grass. Do not make sharp or excessive turns please.
- C) Cooking/Grilling is prohibited on the Westwood Campus as a district policy.

Wishing everyone a Fantastic Finals Run!!!!
